ULTRA LIMITES LINE

LUNA 400

GREAT VISUAL IMPACT WITH THE ARCHITECTURAL MESH FROM THE “**ULTRA LIMITES**” RANGE.
A BROAD RANGE OF MESH WITH LONG WAY PITCH MODULE UP TO **400 MM. LARGER AND LARGER.**

Distinguished and surprising aesthetics
The large mesh module enhances the texture even from long distance, with combined transparency and reflection effects.
Ideal to bring the colour and brightness of the material out with their captivating 3D shape.

Endless colour options
Available in aluminium or mild steel; with protective finishes suitable for cladding applications: epoxy powder coating (RAL colours) for indoor and outdoor, anodising, hot dip galvanised.
